# Healthy Logic Puzzle

Celebrate Health Information week 2019

Four visitors to Telford Health Library have been telling us all about their healthy activities.

Can you work out **what** they did and **when?**

	Monday	Tuesday	Thursday	Friday	10.15	11.45	15.15	16.59	walked 3 miles	cycled to work	ate 5 fruit and veg daily	went swimming
Andrew												
Corinne												
Imran												
Nia												
walked 3 miles												
cycled to work												
ate 5 fruit and veg daily												
wnt swimming												
10.15												
11.45												
15.15												
16.59												

1. Andrew was the last of the four to visit—but he did not arrive at the earliest time of day

2. It wasn't one of the women who cycled in to work

3. One of the afternoon visitors said they walk 3 miles every day with their two dogs

4. Nia arrived just before closing because her swimming class overran

5. Corinne's friend visited in the first half of the week and told us they ate 5 fruit and veg every day

6. The person who visited at 15.15 arrived earlier in the week than Imran, who came in at 10.15

Visitor	Day	Time	Activity
